The doubles competitions will take place after the completion of the singles preliminary rounds.

Organizational Notes:

Singles matches are mainly played in groups of 4. The top three in each group qualify for the finals on Sunday, which will be played in a knockout system. Doubles and mixed matches will be played in a knockout system.

A participant may compete in singles and/or doubles in their own or a younger age group (but only in one per category).

Depending on the number of participants, the tournament management reserves the right to change the playing mode and/or combine classes for time reasons. The decision will be made by drawing lots.

Participants must confirm their presence at least 30 minutes before the start of their category.
